ALOHA
BRINGS
OUT THE
REAL
YOU!

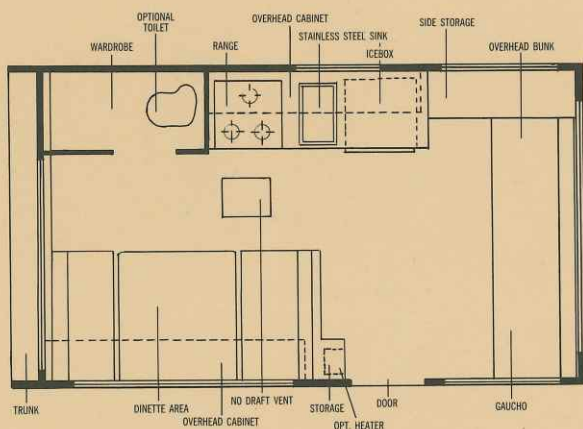

model 1500

The 1969 Aloha Model 1500 is an exceptionally well engineered compact travel trailer for the economy-conscious family. The Model 1500 sleeps up to seven persons with the optional front canvas bunk; has a complete galley including ice chest (standard) or gas-electric refrigerator (optional), 3-burner gas range, sink and storage cabinets and drawers; plus an outstanding amount of wardrobe and drawer storage space for a trailer of this length. And don't let the Model 1500's low price and handsome interior fool you! The Aloha 1500 has quality all the way through! It is built to take mile after mile of high-speed turnpike travel as well as those trips over rocky, rutted Forest Service roads. Once you see the 1969 Model 1500 you will recognize that its comfortable sleeping accommodations, ample storage, convenient galley, and interior comfort and spaciousness make it an excellent all-'round trailer for large or small families.

ICE BOX: 100-pound capacity. **REFRIGERATOR:** (Optional) Combination gas-electric refrigerator with freezer compartment. **WATER STORAGE:** 22-gallon fresh water storage tank with double action hand pump and outside filler spout. **CABINETS:** Eye level cabinets are top-hinged. Magnetic ceiling catches hold doors open. **GALLEY WORK AREA:** Ample work counters and drawer storage; stainless steel sink with cold water tap; Formica counter; chrome edge; wrap-around tile board back-splash; cutting board. **BUILT-IN APPLIANCES:** 3-burner gas range with thermostatically controlled automatic oven and broiler. Vented range canopy. **HIDE-A-STEP:** Swings out for easy entering. Folds under trailer for traveling. **INSULATED EXTERIOR DOOR:** Large ventilating window, with screen, and weatherstripping. **SPACIOUS WINDOWS:** Ventilating windows with screens. No cracks or openings for flies or bugs to enter. **LIGHTING SYSTEM:** 12-volt, 110-volt and gas lighting system. Ample convenience outlets. **BEDS:** Three double 78" beds with Poly foam mattresses and one optional canvas bunk. **ELECTRIC OR HYDRAULIC BRAKES:** (Optional) Electric brakes with controller to synchronize trailer braking with car brakes. Trailer brakes operate independently. **TIRES:** 775x15 4-ply Nylon tubeless tires. **HITCH:** Hadco double-strength hitch with 2-inch ball. Crank-type jack, large caster, for faster car hookup. **EXTERIOR AND UNDERBODY:** Rigid all-metal rustproof colortone siding. All underbody surfaces specially treated or undercoated. All body joints caulked, sealed and flashed for maximum weather and dust proofing. **PLUMBING:** Conveniently located single water intake and drain system. All fixtures trapped and vented in compliance with plumbing codes. **ROCK SHIELD:** Fiberglass protective lower front panel. **ROCK GUARD:** Window awning rock guard protects window from flying rocks. **ASSIST BAR:** Sturdy chrome handle assists while entering. **NO-DRAFT ROOF VENTILATOR:** Assures ample fresh air and ventilation, yet prevents rain, dust and drafts from entering. **WALL HEATER:** (Optional) Built-in thermostatically-controlled 9,000 BTU capacity wall-heater. 100% Safety Pilot shuts off all gas if pilot goes out. **DIMENSION:** Overall length 15'-10". Width 7'. Height inside 73". **WEIGHT:** Trailer, 1995 lbs. Tow bar weight, 250 lbs. **OPTIONS:** Built-in combination gas-electric refrigerator. Automatic electric or Surg hydraulic brakes. Twin LP gas tanks. Automatic LP gas, exterior vented wall heater. Front canvas bunk. Leveling jacks. 12-volt strip lighting. **COLOR:** Exterior—Metallic gold and white. Interior—Avocado appliances and trim.

model 1650

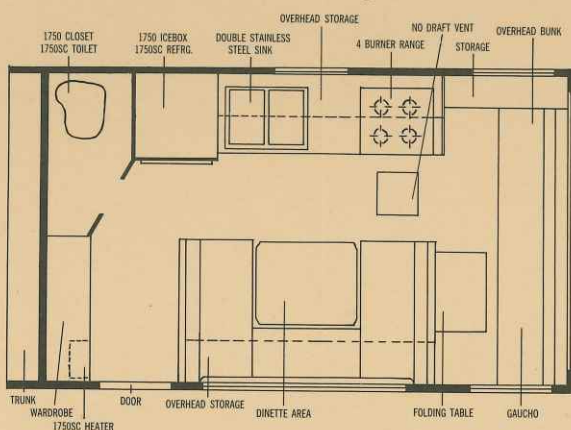

Here is everything you could possibly hope for in a compact travel trailer! The all-new Aloha Model 1650 features an optional fully self-contained Monomatic airline-type toilet, sleeping accommodations for a family of six, complete galley with ice chest or optional gas-electric refrigerator, plus a full eight foot width for that extra interior spaciousness. The convenient rear side dinette provides pleasant dining with a view through the wide side windows, and plenty of ventilation on even the warmest days. All two-tone cushions are color keyed with the handsome drapes and complement the modern pecan-finish paneling. And, the compact length and excellent balance of the Aloha Model 1650 make it tow like a dream on any highway and lets you maneuver with ease through even the heaviest city traffic.

ICE BOX: 100-pound capacity. **REFRIGERATOR:** (Optional) Combination gas-electric refrigerator with freezer compartment. **WATER STORAGE:** 22 gallon fresh water storage tank with double action hand pump and outside filler spout. **CABINETS:** Eye-level cabinets are top-hinged for opening ease. Choice of Avocado, Turquoise, Antique Gold. **EXTERIOR METAL TRIM:** Choice of Metallic Gold, Silver, Blue or Green.

The families you see in these pages, who field-tested the 1969 Aloha travel trailers under all types of conditions, have unanimously told us that they found much that is new and exciting in the 1969 models. We were pleased to hear this, because we have tried to make our 1969 Aloha trailers the finest in both appearance and construction of any Aloha travel trailers ever built. At Aloha, the design of a new series is a time for improvement—not merely a time for change! Each year as the Aloha engineers, designers and production people work together on our new models, they keep three all-important factors in mind . . . Western geography . . . Western weather . . . and Western families.

Aloha trailers, unlike many other popular travel trailers, are built and sold only in the West. *Today in the Northwestern states, there are more Aloha travel trailers being used than any other brand.*

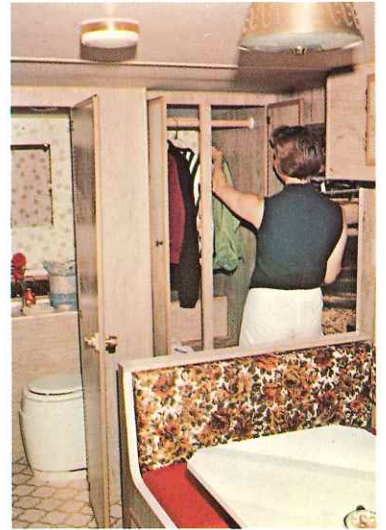

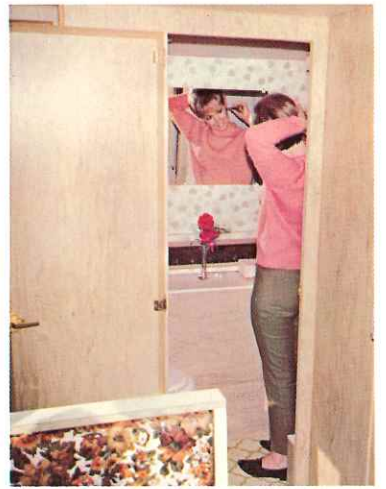

At Aloha we build travel trailers with Western families in mind. Active, energetic, dynamic families! Families questing after the excitement of family recreational activities such as rock hounding, beachcombing, drag racing, trail bike outings or any of the dozens of other interests that Western families have. Because of this, every feature on an Aloha travel trailer is there because it makes an Aloha a better trailer for the West and for a Western family.

We invite you to examine carefully each of the 1969 Aloha models to determine which fulfills your family's sleeping, eating and storage needs best. You will find a great degree of flexibility in the 1969 Aloha travel trailers. For sincere, professional guidance in selecting the Aloha model which best fits your needs, we urge you to visit your local Aloha trailer dealer. He is an experienced and knowledgeable travel trailer authority and will be happy to give you additional details on Aloha travel trailers.

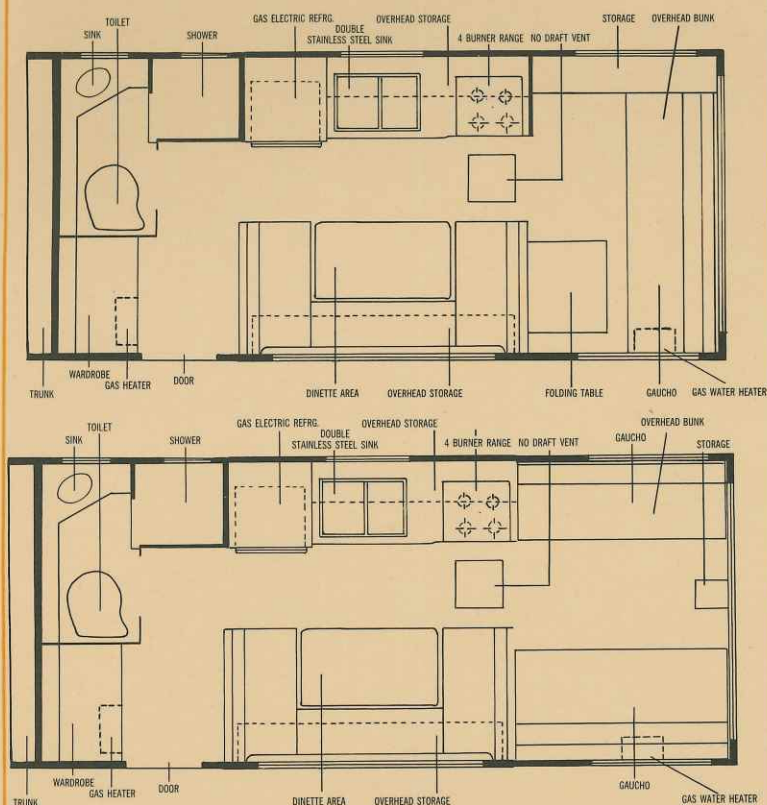

Sincerely yours,
